TERMS:

The terms of the sale are cash unless other arrangements are made in advance with the owner. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. **Electronic payments now accepted.** All stock will be at buyer's risk as soon as bidding ends, but the management will attend to loading on trucks in compliance with instructions from the purchasers.

GUARANTEE:

All cattle will sell under the suggested sale terms and conditions of the American Hereford Association.

HEALTH:

Individual health papers will be furnished with each lot sold. A number have been OCV'd. All bulls are semen tested. State regulations require all non-virgin bulls and all bulls over 24 months of age be tested for Trichomoniasis.

BIDS: The Auctioneer-In-Charge will have final say in regard to all final bids.

MAIL OR WIRE BIDS:

We hope each and everyone interested can attend the sale in person, but those who cannot may mail phone bids to the Auctioneer or any of the representatives.

AI CERTIFICATES:

Any female that is bred to an AI sire not owned by the seller will NOT have an AI certificate furnished.

SALE ORDER:

The sale order will be as follows: Cow/Calf Pairs, Open Heifers, Bulls, Bred Heifers, Bred Cows, followed by Commercial Females.

CATALOG ERRORS:

Statements from the auction block take precedence over printed material. The most current EPDs from AHA issued registrations were used when available. EPDs are subject to change weekly based on data submitted to the AHA. The most current EPDs are available from the AHA's website at www.hereford.org.

TRUCKING:

Trucking will be available. Please contact Larry Day.

A Word from the Sale Manager

Welcome to the 121st Semi-Annual sale of the Central Missouri Polled Hereford Breeders Association.

Wow!! Green grass under foot, water in ponds and streams, \$165 fats, feeders closing in on \$2.50 and inputs have eased a little. How things have changed since my last word from the Sale Manager

Twenty-two producers, many long-time and a few first-time consignors have brought to you genetics from the heart of their programs. If you're needing young females to rebuild or expand your herd or that next bull to carry you to the next level, you will find it here on sale day.

Cattle as usual will be onsite Friday afternoon/evening if you would like to come for a visit and inspect. Feel free to contact the consignors or myself with any questions you may have. *New for this sale we will be using DVAuction as an online service if you're interested in this please contact them to get your buyers account set up prior to sale day.*

Updates and additional photos can be found on Facebook (Central Missouri Polled Herefords) and the website (www.centralmissouripolledherefords.com)

Come early, bring a friend or two, grab a sale barn burger and enjoy some good cattle and company. Hope to see you April 8!

Thanks, *Larry Day*

Thank you to **WMC Cattle Company** for the donation Lot 1 Semen!

An own daughter of Denver National Champion CHAC Mason 2214 and the maternal sire Bright Future 533P, another National Champion. Tiffany was also another one of the show heifers a few years ago. We have two daughters in production in the herd and sold one in the fall sale last year that was a 33Z daughter purchased by McCorkill Farms, Greenfield Mo. She had a July heifer in 2022 sired by Aces LMP Patriot 911G which is weaned and at the show barn. We held Tiffany over for a fall breeding to Aces LMP Jackson 111J, our junior herd sire. Breeding information available later.

Carla is a young female that has done a great job producing herd bull prospects. A few years ago at fall Farmfest, we sold a 2296 son that was quite popular in the barn that year. This year selling a son of Frontier 112F in the CMPHBA sale. Carla's dam R&L Stacy was one of our first foundation cow purchases and Carla being her last calf. Carla will calve in the spring bred to Frontier 112F. Should calve by sale day.

KNIGHTCAP is the perfect example of these Franchise calves. He puts a lot of the puzzle pieces together. He's dark red, short-marked, moderate-framed, and as thick and deep as they come. His growth numbers put him in the top 20% of the breed, without sacrificing on the maternal side. DNA pending; GE-EPD's should be available by sale day. Be sure to look him up on sale day!
